THIS IS NOT AN ADVERTISEment for repairing buggles,
but let us suppose having your buggy repaired and the workman
would make some spokes in the
wheels shorter than the rest, bore
the hole out of center and out of
plumb and have the axel crooked.
Do you think any workman could
alter such defects without a great
deal of expense, new wheels and so
on? You know he can't, you can
see this, If on the other hand, you
have your watch repaired and it is
done in a similar way, and may
even be adjusted to positions with
paper wedges and the like; you
can't see it but the defects are there
and new parts will have to be substituted. We have all the tools to
repair your watch in a workman-
